YACHTS IN DRYDOCK PREPARING FOR RACE

NEW YORK, July 7.—Shamrock IV, challenger for the America's cup, put into drydock today at Erin Basin, Brooklyn, where she will be joined by the cup defender Resolute. The two yachts will be officially measured tomorrow and will receive a final overhaul for the international races which begin July 15. Experts estimate that the defender will receive a time allowance handicap of 6 to 12 minutes. In computing the allowance the waterline of the yachts is measured while they have their full racing rigs and entire crews aboard. The waterline is supposed to be 75 feet. Then the drydock is pumped out and the draft, quarter beam lengths, sail area and other measurements taken. The Resolute was towed to the drydock from Glenn Cove on Long Island sound. The two rivals probably will be ready Saturday to proceed to anchorage at Sandy Hook.

MAY CUT RATES FOR LONDON-PARIS AIR TRIP

PARIS, July 6.—Early announcement is expected of the reduction of passenger rates for air travel between London and Paris and many are wondering if the day is far distant when it may be cheaper to travel by air than by land and sea. At the beginning of the London-Paris air service last year the price for one-way tickets on small fast machines was 20 guineas and 15 guineas on the larger passenger ships. It is now reported that fares will soon be reduced to £10, 10 shillings. In one recent week's flying more than 100 passengers were carried in the London-Paris air service and it is hoped that a reduction in price will increase the number of passengers. There have been an ever increasing number of inquiries for the service but the price has discouraged many prospective passengers.

NEW YORK.—Colonel Ruppert became so excited the other day when Babe Ruth hit a home run that he lighted a cigar, the first in six years.

TRY TO RAISE BULLION LYING IN SUNKEN SHIP

LONDON, July 7.—Efforts will be made today to recover the £4,000,000 of gold still lying in the wreck of the British auxiliary cruiser Laurentic, which was sunk by a mine off the mouth of Lough Swilly in January, 1917, while on her way to New York. The bullion is in bars each of which is worth £1200. Altogether the Laurentic carried about £7,000,000 in gold when sunk. It is estimated that about £3,000,000 since has been recovered. Up to now the weather has been unfavorable and, as the wreck lies in an exposed position, the salvage work can be done only in the finest weather. It is expected that some blasting will be necessary to get at the compartments in which the gold was carried. The work is being done by the Racer, a salvage ship.

TRIO OF SURE-ENOUGH COPS SURE TO COP WEIGHT EVENTS FOR U. S. AT ANTWERP

By LORRY A. JACOBS, N. E. A. Staff Correspondent

NEW YORK, July 6.—America's real hope in the Olympics lies in its field cops. Paddy MacDonald, Matt McGrath and Pat Ryan, eastern tryouts at Philadelphia a few days ago showed. They are all members of the New York police force.

This country may do well in the Olympics, but how well is problematical while first placed in the three events to be completed in the "aces" the shot put, the hammer throw and throwing the 56 pound weight, are assured.

MATT COACHES
Two of the "copper trio," Ryan and MacDonald, are in the best shape of their careers and the third, Matt McGrath, 56 pound weight champion, is taking such good care of a displaced rib that he will probably show the highest form of his career in the Olympics.

And if he did nothing else but give advice in the field events McGrath would justify a place in the Olympics, for he is a coach par excellence, and his greatest joy in life is coaching weight throwers and developing new talent among American Olympic aspirants.

PAT IS SUPREME
Pat Ryan appears to stand supreme among the American hammer throwers.

Almost without effort in the tryouts here he hurled the big weight 171 feet and it is not unlikely that he will equal his world's record of 189 feet at the Olympic games if necessary. In addition he can place in the shot put and the 56 pound weight event.

Matt McGrath will certainly prove equally pre-eminent as far as the 56 pound weight event is concerned. His record of 49 feet 6 inches has not been approached and he knows his ability so well that he believes this mark, as stupendous as it seems, will probably be shattered by him unless he has trouble with his dislocated ribs. In addition, he can place in the other weight events.

PADDY IS GIANT
Paddy MacDonald, the third giant policeman, shines in the shot put and although he has never equaled Ralph Rose's record of 51 feet, he put the

16 pound weight 46 feet at the tryouts here without half trying his mettle. Altogether the three giant Irishmen are wonderful in every respect. They have grace and speed and litherness in spite of their massiveness and are faithful in training, which goes a long way in track competition.

TRIS CONFIDENT OF TAKING FLAG

Assures New First-sacker, Burns of Athletics, That Melon Will Be Cut

That Tris Speaker, manager of the Cleveland club, confidently expects to cop the bunting in the Johnson circuit this year, is best attested by his action in acquiring First Baseman Burns, from the Philadelphia Athletics recently, details of that deal having just become available. Since the American league season opened, Doc Johnston, of Cleveland, has been hitting the ball at a terrific rate, but his legs were giving him considerable trouble. Speaker wants to keep Johnston, but he was afraid Doc's legs would play out. Quietly Speaker looked around for a first sacker.

Finally he decided Burns of the Athletics would fill the bill. Burns is just as fast a fielder as Johnston, and he is a fair sticker, but he cannot quite measure up to Johnston as a pinch hitter. Going to Connie Mack, Speaker arranged for the deal. Mack demanded \$10,000 for Burns. Speaker was satisfied with the price, but held Mack off until after he had a chance to discuss the matter with Burns.

Speaker had a star chamber session with Burns and informed the latter just why he was being purchased by the Indians. Speaker wanted Burns to know that there was a chance he would have to warm the bench much of the time, and in doing this he did not want Burns to become sour on the job.

Speaker told Burns that he would have better than a fighting chance to cut into a world's series melon. He explained that Johnston would at all times be given preference at the first basing job, then tossed in some extra conversation about the benefits of being with a winner and with a team that was going along like a big happy family. Burns accepted the assignment and the deal was closed when Cleveland's check for \$10,000 went to Connie Mack. Speaker says Burns was the best bet available, because if he had not landed the Athletics first sacker he would have been obliged to go into the bushes for a man, and then had to take one who knew nothing

Big List of Golfers on Second Day's Play

VANCOUVER, B. C., July 6.—With 162 players competing in the open, 260 drawn for the amateur, 24 professionals and 80 women participating the Pacific Northwest Golf association championships were resumed for the second day's play today under the most favorable conditions possible.

John Black, professional of the Claremont club, Oakland, Calif., and his brother Dave Black, professional of Shaughnessy club, Vancouver, turned in low cards for Monday's play, both having totals of 148. John Black had the best round of the day when he went the first eighteen at Shaughnessy links in 70, but at Durnaby links in the afternoon he took 78.

T. Rongerud of Jefferson Park, Seattle, turned in 151 for his 26; Ernie Martin, 152; George Martin, Santa Barbara, and N. Christian, 154.

H. Chandler Egan, twice winner of the American amateur championship, was tied with five others including Jack Neville of San Francisco, and R. C. Spiers, Seattle, with 156. Claire Griswold of Jefferson Park and Rudolph Wilhelm of Portland, finished their 36 holes with 156.

FEDERAL OFFICERS OFF TO EXPLORE ALASKA

SAN FRANCISCO, July 6.—Secretary Daniels of the navy, Secretary Payne of the interior department, and Governor Briggs of Alaska, will leave Seattle next Friday or Saturday on a destroyer to investigate navy coal and possibly oil lands in Alaska. Mr. Daniels is to leave here tomorrow on the battleship New Mexico and will be joined at Seattle by Secretary Payne and Alaska's governor.

"We have an appropriation of \$1,000,000 for development of the Alaska coal fields for navy purposes," said Secretary Daniels, "and we also believe it possible that productive oil fields may be developed. The oil, however, is only a possibility, but we will look into it."

About American league pitching, and probably knew nothing about major league baseball. "Burns is worth all we paid for him because he is a good hitter and a smart ball player, and added to this is the fact that he is always trying and is an easy man to manage," said the Indian pilot. Burns is a Cleveland fixture now.

BANDIT'S FINGERPRINTS MAY LEAD TO ARREST

SAN FRANCISCO, July 6.—Photographs of finger prints taken by the police may lead to the capture of the robber who bound and gagged and robbed Mrs. E. C. Moller, wealthy New York widow, in her room in the Fairmont hotel Sunday evening. The finger prints were found on the woodwork of the bathroom door, through which the robber shoved Mrs. Moller. The police claim they are sure the prints are the ones left by the intruder.

Detectives tomorrow will classify the prints and compare them with examples of finger prints of thousands of criminals in the police identification bureau in hopes they can determine who the robber is.

Mrs. Moller left for New York shortly after the robbery. She was here for the convention with Mrs. John F. Hyland, wife of the mayor of New York.

TELEGRAMS POUR INTO OHIO CITY

Clerk Kept Busy Opening Congratulatory Messages From Notables of Country

DAYTON, O., July 6.—Gov. James M. Cox today sent a telegram to the Democratic national convention at San Francisco announcing he would accept the presidential nomination, and thanking the delegates for their action. The governor will address his fellow townsmen, most of whom he can call by their first names, at a town meeting at 8:30 o'clock. He will motor there from Dayton with friends.

Long before noon today friends from Middletown came to Dayton to personally request the presence of the governor at the jollification meeting tonight. They called at his home after having spent most of the morning hours ringing bells and blowing whistles in celebration of the governor's nomination.

Some of the delegation were from Jacksonburg, Ohio, where the governor was born fifty years ago. Jacksonburg is only three miles from Middletown. The Democratic nominee began his newspaper career in Middletown as a newsboy, later working as a printer's devil and teaching night school. It was there that he met Congressman Paul Ross, the tobacco king, who at the time was a member of the Middletown board of education.

Later Mr. Cox became private secretary to Sarg. Among the first of the hundreds upon hundreds of telegrams of congratulatory received today were ones from President Wilson and Senator Warren G. Harding, the Republican presidential nominee. Senator Harding's telegram was received by the secretary to Sarg.

"I recall a much remarked cartoon which portrayed you and me as newsboys contending for White House delivery. It seems to have been prophetic. As an Ohioan and a fellow publisher, I congratulate you on your nomination."

Telegrams of congratulation also were received from Senator Robinson, permanent chairman of the Democratic national convention; Senator Hitchcock, Senator Pomere, William Cooper Procter, who managed Gen. Wood's pre-convention campaign, and former Gov. Campbell of Ohio. Telegrams were arriving so fast that several clerks were busy opening them. No attempt was made to answer them immediately.

New York state forbids use of the U. S. flag for advertising purposes.
